

## Urinalysis Testing by Clarity Diagnostics

Since 2003, the Clarity brand has built a reputation for quality products and service in North America. Clarity Diagnostics is a manufacturer and market leader of rapid diagnostic tests, diagnostic equipment, and over-the-counter diagnostic tests that are targeted toward Alternate Care, Acute Care, Continuum of Care, Laboratory, and OTC markets. Clarity's value proposition to its customers is high quality products at affordable prices while maintaining excellent customer support.

### Urinalysis Products

The Clarity Urocheck line of products test for several basic human chemistries in urine that assist in the detection of various health conditions. The Clarity Urocheck strips contain up to 10 parameters and are used at the point of care and in the laboratory.

#### CLA-120C

The Clarity Urocheck 120C Urine Analyzer is a semiautomated urinalysis system designed specifically for use with the Clarity Urocheck test strips and provides automatic readings of several parameters at a rate of up to 120 tests per hour. It also features quality control lockout, auto calibration, and self-check.

- Large LCD display
- Up to 120 tests per hour
- Flagging for abnormal results

### **CLARITY URINALYSIS STRIPS**

- Consistent
- Competitively priced
- Strip in same order as leading brand
