### Continuing Education Courses to Advance Healthcare Performance

**Continuing Education** or CE Courses are post-secondary learning activities or programs. Licensing bodies in a number of fields (such as teaching and healthcare) impose continuing education requirements on members who hold licenses to continue practicing a particular profession. These requirements are intended to encourage professionals to expand their foundations of knowledge and stay up-to-date on new developments.

**Connect2Know®** advances the performance in healthcare by equipping professionals with continuing education through:

- FREE Accredited CE courses
- Evidence-based resources
- Expert webinars
- Research briefs on hot topics
- Link to patient wound education website
- Product training and compliance
