

Graham Medical... Keeping the PROMISE with quality Pediatric Disposable Products.

August 22, 2022

[Graham Medical](#) has built a reputation for quality products which deliver on a “Promise of Protection” to your Health Care Professionals and patients from risk of cross-contamination. With this promise in mind, we have developed a line of Pediatric Products which not only offer this promise of protection but help keep your littlest patients at ease. Because when every moment between a provider and a patient is safe and comfortable, the best care is possible.

Graham Medical Pediatric Product Line Offers playful prints/solid colors in our table paper, gowns, towels, scale liner product line:

- Table paper
- Gowns
- MediShorts (solid color only)
- Towels and towels in dispensing boxes
- Baby Scale Liner

These products come in varying patterns and materials to meet the needs of individual facility requirements and price ranges.

Not only do our products offer fun patterns and protection, a percentage of every sale of Stars of Hope printed table paper goes to childhood cancer research. While we are here to help protect them when they are in your facility, with your purchase, this direct donation to pediatric cancer research can help save lives.
