

ADVANCING HEALTHCARE THROUGH EDUCATION

Webinar Invitation - Approaching Chronic Wounds

- Sponsored by Mölnlycke Healthcare

Millions of people suffer from **chronic wounds** around the globe. They can be difficult to heal, painful for the patient, and an economic challenge. This webinar will give a general overview on chronic wounds, with case studies featuring various types of chronic wounds and the management plan for each. **This is the first in a series of webinars on chronic wounds by Dot Weir, and we hope you will join us for the entire series.**

Please join us for a [webinar](#) Thursday, May 28, 2020 at 1:00 pm EST. titled, *Approaching Chronic Wounds*.

She will cover:

- Cost associated with managing chronic wounds
- What makes a wound chronic
- Conventional to advanced wound management
- Wound bed preparation
- Managing bioburden

Meet the Speaker

Dot Weir, RN CWS CWON

Dot's nursing career has spanned two generations, mostly as a Certified Wound and Ostomy Nurse, as well as a Certified Wound Specialist, practicing in nearly every environment of care. She is the co-chair for the SAWC, and a founding Board Member of the AAWC. She is also the founding editor of the publication, "Today's Wound Clinic." Dot is a Consultant and Educator, working part-time at Catholic Health's Advanced

Wound Healing Center, in Buffalo, NY.
