

ADVANCING HEALTHCARE THROUGH EDUCATION

Webinar Invitation Part 2 – What Lies Beneath

- Sponsored by Mölnlycke Healthcare

Aug 3, 2020

Mölnlycke is pleased to announce the second webinar in Dot Weir's series on chronic wounds. This webinar, What Lies beneath: Assessment and management of undermining and tunneling wounds, will be live on August 6th, 12:00PM EST.

After the webinar your HCP's will:

- Be able to define both wound undermining, and wound tracts
- Have a greater understanding how to pack this type of wound, and cover it with a secondary dressing
- Comprehend the M.O.I.S.T. principles of wound healing

The **registration links and QR code** are in the flyer attached above, so your HCPs can easily register to watch the webinar either live or On Demand.

Meet the Speaker

Dot Weir, RN CWS CWON

Dot's nursing career has spanned two generations, mostly as a Certified Wound and Ostomy Nurse, as well as a Certified Wound Specialist, practicing in nearly every environment of care. She is the co-chair for the SAWC, and a founding Board Member of the AAWC. She is also the founding editor of the publication, "Today's Wound Clinic." Dot is a Consultant and Educator, working part-time at Catholic Health's Advanced Wound Healing Center, in Buffalo, NY.
