

Featured Manufacturer Partner: Terumo Medical Corporation

October 17, 2023

[Terumo Medical Corporation](#) is the exclusive hypodermic supplier for NuEdge members. Terumo designs injection and infusion therapy devices that help clinicians consistently perform at their very best.

Terumo offers two types of Infusion Sets; Surshield™ Safety Winged Infusion Sets and Surflo® Winged Infusion set, both offering the clinician a sharp and effective butterfly that was engineered to reduce injection pain providing more comfortable injections for patients¹; the clinician with a safer and easier to use product, and the medical facility with an effective and cost-effective butterfly. Terumo Infusion Sets are fashioned to increase patient comfort by combining safety, sharpness and ease of use.

Terumo's Surshield™ Safety Winged Infusion Sets are unique from other safety butterflies in that most safety winged butterflies are designed to be activated one way and require a second hand but Surshield™ provides **two** different one-handed activation options:

- Hard Surface
- Thumb

**Refer to product labels and package insert for complete warnings, precautions, potential complications, and instructions for use*

Additional features creating a safer patient and clinician experience include:

Standardization:

- Decrease shelf stock, increase shelf space

Improved Clinical Outcomes¹:

- Single product with intuitive activation mechanism leads to fewer medical errors
- T-Sharp™ Technology may reduce injection pain

Increased Compliance¹:

- Increased safety and compliance, reduced liability, improved staff safety and satisfaction

Terumo's products and tools are designed to help improve operational efficiencies and enhance clinical and patient outcomes.

Terumo offers NuEdge members competitive pricing. To see everything Terumo has to offer please visit www.terumotmp.com and download their sales roster from the NuEdge site.
