- Start saving and take advantage of a great member benefit.

What we do

- A dedicated vehicle expert to support members purchases.
- By using analysis, we engage Members with solutions to improve fleet purchasing as well as introduce new vehicle manufacturer offerings.
- We work to better understand customers and their business' vehicle needs to help them find vehicles that can do the job they need and help their business run more efficiently.
- We'd like to evaluate your vision of how you operate/manage your vehicles and make recommendations that align with your business goals.
- Provide some guidance on cost controls/profit needs related to purchasing, maintaining and operating your vehicles.

In 2021 and 2022 vehicles will be harder to find. Utilizing GPO agreement is the best way to keep your team on the road. This is a HUGE benefit to have vehicles reserved for members.
